Form 471 application # 481708

FRN # 1334974

Service Provider Name: Eran Viner Company

SPIN # 143025701

CC Docket No. 02-6

Re: Request for a waiver.

To Whom It May Concern:

Chabad of Southern Nevada is requesting to waive the deadline to appeal for the FRN number referenced above. This FRN originated in the 2005/2006 funding year. However, we did not receive a Funding Commitment Letter for this FRN until January 17, 2007 (a copy of the Funding Commitment Letter is enclosed).

This FRN was change from Recurring Telecommunication services to Non-Recurring Internal connection contract. To this date the changes where not reflected on the FRN and commitment letter. We do need the change to take effect in order to finalize this project. Our request was to have the Non-Recurring Internal connection contract reflects on this FRN.

We have contacted SLD several times on this matter and were advice to file for invoicing deadline extension and delivery deadline extensions (which we did and got approved). Throughout the process the issue of recurring services vs. non recurring services was dismissed by support as irrelevant since there are no "recurring services" under internal connection. Finally we were advised to send an implementation extension request, only when it was denied do to the fact it is under "recurring services" SLD advise us to send an appeal to change the recurring status to non-recurring.

We did not have delivery of the service during the original contact dates because we did not have funding to facilitate the program. Since receiving the funding commitment letter in January we have begun to purchase and set up installation of the necessary equipment for our Distance Learning Program. We have successfully got the Deadline Extension and Invoicing date changed.

In June we were informed that funding can not disburse because the invoicing was "outside of the funding year" when we contact support again they informed us that we will need to appeal the "recurring serviced: in the application. Once again we follow the advice and to our surprise the appeal was denied because it was not file within 60 days for the funding commitment letter. (The same appeal we were told was not necessary at the time)

We request for the deadline to be extended in order to file an appeal to verify the commitment reflects the "non recurring contract" or simply use this letter to make the proper changes and grant us the funding.

Thank you for your consideration.

Sincerely,

Rabbi Shea Harlig
Director
